Project Details

Measure, supply and install:

45 No. Of Roller Blinds

Screen Fabric

5% Screened

New 6th Form Centre

Measure

Supply

Install

Project Description:

St Mary's Grammar school, Magherafelt's new state-of-the-art sixth Form Centre, including a study area, a social and recreational space and catering facilities required blinds to be measured, designed, manufactured and installed.

The new build also included a Music and Creative Arts Space and a number of additional classrooms. The windows were fitted with 5% Screen fabric on 45 roller blinds across the whole of the 6th form centre.

This screen fabric will protect against the sun and harmful effects of UV rays such as the fading of furnishings. It will also prevent glare on the computer screens that will be located in the classrooms and the 6th form centre itself. The work was completed by Bloc Blinds in March 2017.

The windows were fitted with 5% Screen fabric on 45 roller blinds across the whole of the 6th form centre.
